01 INTRODUCTION

It is a pleasant privilege to send out this newsletter to commemorate DeafNET's 16 years of service. We would like to thank you for your support, as we celebrate the 16th anniversary of its journey. We invite our friends of DeafNET and our network in Africa to celebrate with us. It is a time to reflect on how DeafNET has managed to build a network of the Deaf people/organisations in more than 40 African countries through particularizing, capacity building, research and knowledge dissemination to improve the health and socio-economic wellbeing of Deaf people and their families.

Since its inception in 2006, DeafNET had a tremendous impact on the lives of the Deaf community. Our NPO is firmly cemented in uniting efforts to increase the quality of life of Deaf people on the African continent. Our partnership with De Stichting Vrienden van Effatha (SVE) since the start has led to unique projects and opportunities in Africa.

This newsletter special edition will bring you some of the highlights since the founding of DeafNET and look forward to the future. Thank you to all who have walked the path with us from the beginning and those who have joined. Let's inspire and support each other to make a positive difference in people's lives and to make the world a better place for all. In conclusion, the management is looking forward to continuing to provide and improve access to further development and capacitating the deaf community in Africa.

Welcome to DeafNET special Edition November 2022!

02 ABOUT DEAFNET

Why DeafNET

DeafNET empowers Deaf persons and their families through exchange and dissemination of knowledge and skills to achieve their full potential.

We are committed and dedicated to promoting human rights of the Deaf, as well as catering for their well-being through training and development, and implementing programmes that promote respect for Deaf persons’ language and culture.

IDENTITY OF DEAFNET

Our Board of Trustees

Many thanks to the trustees, past and present, for their valuable contributions, passion and hard work.

03 NETWORK IN AFRICA

The Network of DeafNET represents the six regions where all our friends and project teams are based. It covers more than 40 countries across Africa and the Islands and provides the ideal structure to fulfil DeafNET’s vision and mission.

BACKGROUND OF OUR VOLUNTEER NETWORK IN AFRICA

The Africa Contact Group for Mental Health and Deafness (ACGMHD) was initiated in October 2004, during the 1st Africa Workshop on Mental Health and Deafness attended by 10 African countries.

The ACGMHD gained momentum during the 3rd Mental Health and Deafness World Congress in October 2005, where representatives of 37 African countries gathered, and a committee of 10 members was elected to serve the Deaf community to develop regional structures in Africa.

This provided an important platform for networking between countries

NEWLY ELECTED ACGMHD REGIONAL REPRESENTATIVES

DEAFNET 3RD AFRICA WORKSHOP 7 – 11 FEBRUARY 2011

The quadrennial meeting of the ACGMHD was held and attended by 79 Deaf and 51 hearing representatives from 32 African countries. New leaders for the next four years were elected, resolutions were adopted, and a declaration was issued to guide action plans and policy positions for the next four years.

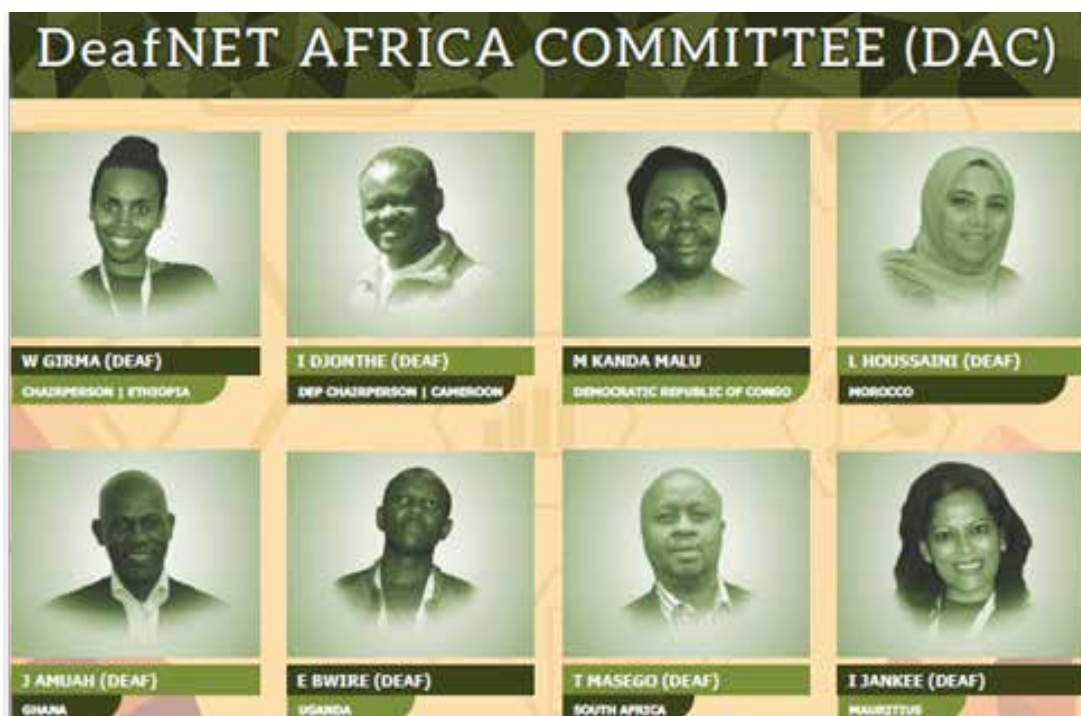

THE NEW ACGMHD ELECTED REGIONAL REPRESENTATIVES

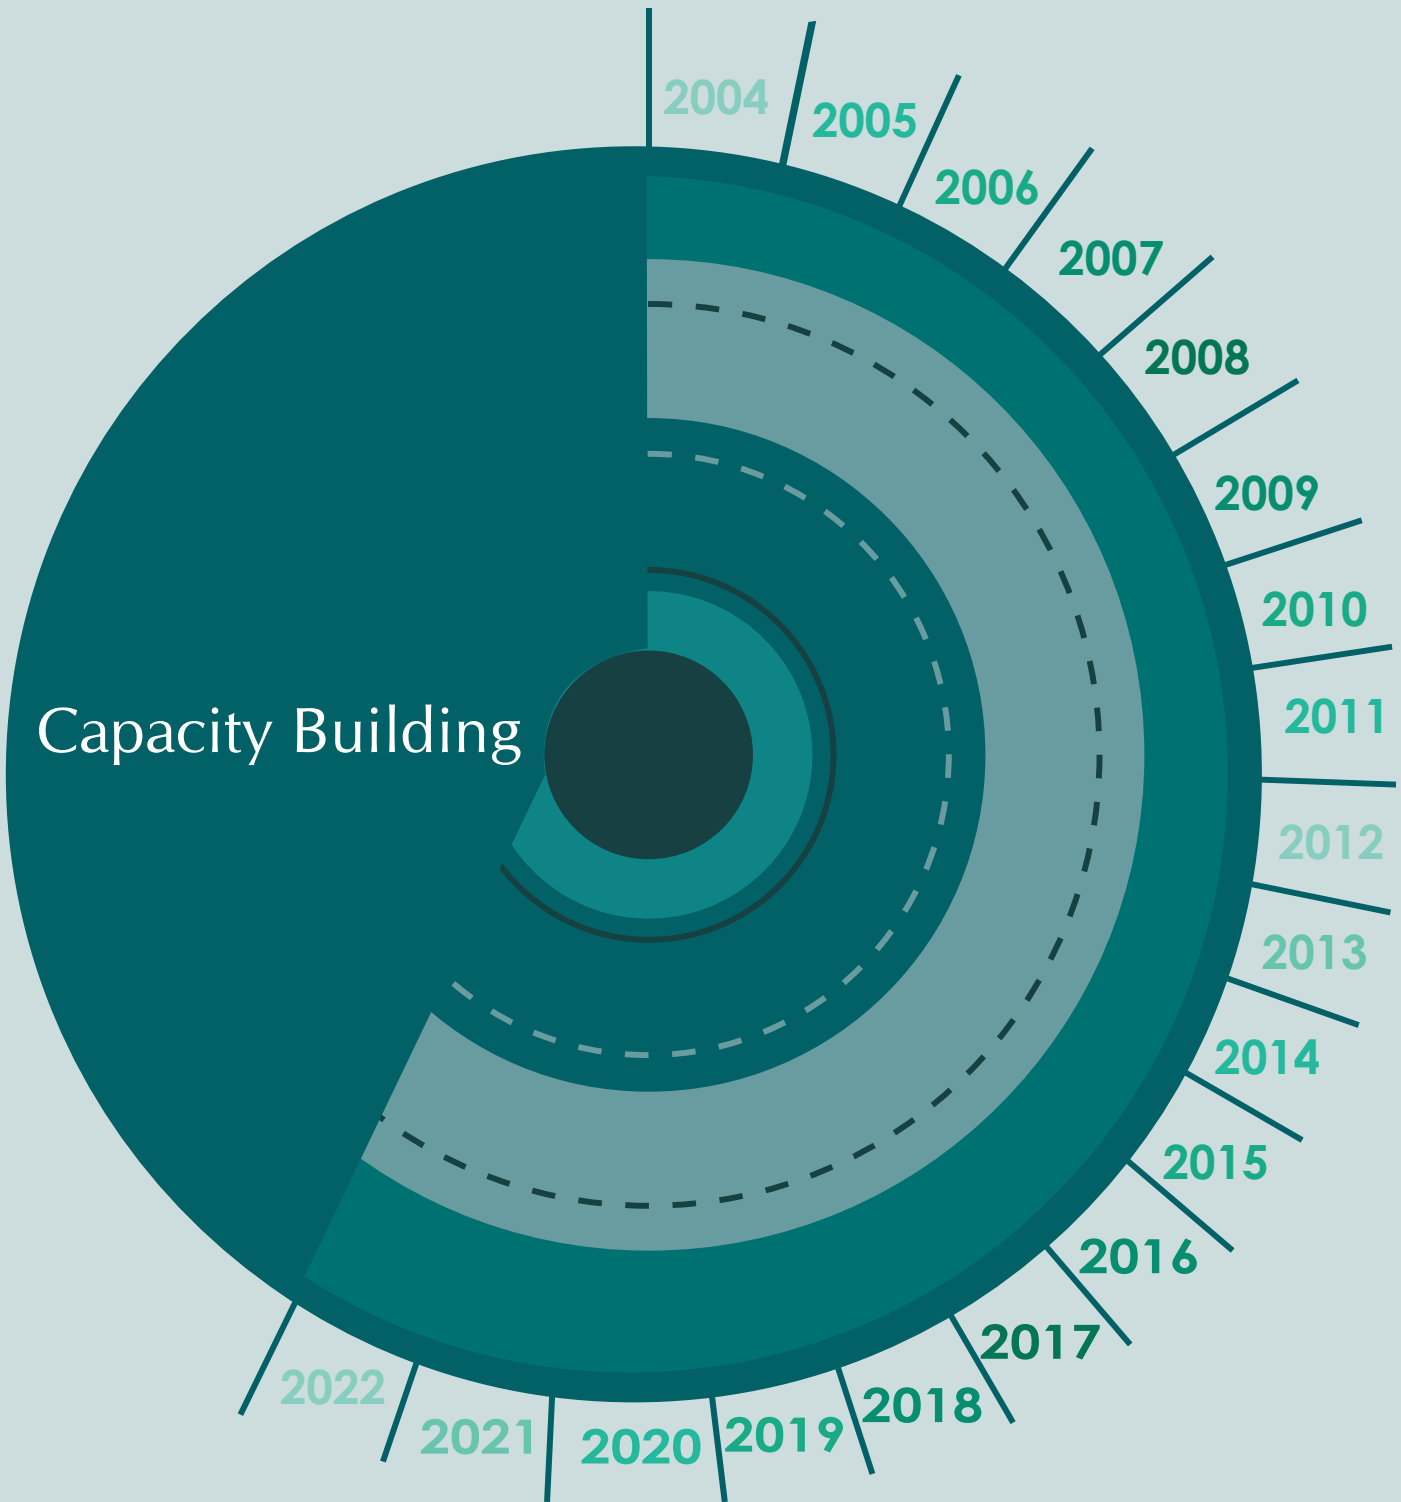

4th DEAFNET AFRICA WORKSHOP SEPTEMBER 2016

DeafNET Africa Committee (DAC), previously named the ACGMHD, was elected in 2016, at the DeafNET Africa Conference to serve the Deaf community in Africa. The new leaders for the next four years were elected, resolutions and declaration were issued to guide action plans and policy positions for the next four years. The DAC developed into a valuable component of the governance structure of DeafNET.

THE NEW ELECTED DAC REGIONAL REPRESENTATIVES

04 CAPACITATING DEAF PEOPLE IN AFRICA THROUGH
KNOWLEDGE AND SKILLS (2006 – 2022)

Celebrating 16 Years

2004

- 1st Africa Workshop on Mental Health and Deafness in SA

2005

- 2nd Africa Workshop
- 3rd Mental Health and Deafness World Congress
- Establishment of Africa Contact Group for Mental Health and Deafness (ACGMHD)

2006

- Establishment of NID, DeafNET Centre of Knowledge in SA
- 1st ACGMHD Leadership training in Morocco

2007

- Youth Café SL training in SA
- Red Star Training for 6 educators from Swaziland (hosted in SA)
- 2-year scholarship for 2 South African Deaf students

2019

- HIV awareness-raising in Swaziland
- Handover of Beekeeping project in Uganda
- Youth Café Sign Language training
- Leadership training for 8 African countries in SA
- Advanced training in Red Star process for facilitators from DRC and Zimbabwe (hosted in SA)
- Red Star training for teachers from 6 Deaf Schools in the Western Cape
- Red Star workshop in Zimbabwe
- Pastry making initiative begins in Mauritius
- Entrepreneurship training Mauritius

- Youth Café Sign Language training in SA
- Social Competence in Leadership workshop in Ethiopia, Cameroon & Tanzania
- HIV Awareness raising in Congo, Uganda, Kenya & Rodrigues Island
- Red Star training for 4 Educators from Chad
- Red Star monitoring and evaluation in Benin
- Pastry making in Mauritius
- Accreditation of DeafNET Sign Language program begins

2020

2021

- Official Launch of DeafNET HIV toolkit 2
- Youth Café Sign Language training in SA
- Official Launch of Beekeeping project in Kenya
- Social Competence in Leadership in S.A
- Implementation of Red Star in Chad

2022

- Sign language Training for Youth in S.A
- Further training in Beekeeping in Kenya
- Red Star Monitoring & Evaluation in Chad
- Red Star Monitoring & Evaluation in Cameroon
- Completion of HIV Toolkit 2
- Facilitate learning using a different variety of given methodologies
- Social Competence training in SA, Malawi & DRC
- Accreditation of our Sign Language Programme

SOME SUCCESS STORIES

Leadership

DeafNET's Social Competence in Leadership also called "Equip to Serve and Lead" is designed to develop the potential of Deaf leaders through guidance, training and inspiration/motivation. This training program is designed to give training in Social Competence in Leadership, help potential Deaf leaders to develop skills, including personal skills like self-awareness and social awareness, organize, deliver effective training and to know how to assess the impact and success of the training.

"DeafNET Centre of Knowledge came into force and opened doors for many potential Deaf leaders in Africa. The Equip to Serve and Lead programme that Eswatini (Swaziland) benefited was in fact inspiring for Deaf leaders as it boosted the ability to work with everyone involved in the lives of the Deaf people. DeafNET has done so much in a space of short time."

Mr Makhosini Peter Makhubu
Deaf

"The leadership programme was truly valuable because it has helped me to grow in my leadership position at my current Deaf organisation. Not only have I learned about leadership, but also developed my own unique leadership styles, understand strength and work on areas of improvement. That way, I have empowered my other Deaf fellows."

Mr Bensari
Deaf

Red Star Process

Since 2011, DeafNET in partnership with De la Bat School, successfully presented the Red Star Programme (RSP) to 31 educators from 9 African countries and 232 educators in South Africa. The Red Star programme (RSP) is a training method that was developed to bridge the gap between Sign Language and reading-writing competence in learners living with Deafness or hearing-loss.

"It has developed skills of critical thinking and problem solving as individuals in reading and writing for Deaf learners at King George School. Also, it has instilled confidence in the learners and built the spirit of "I can do it" which has resulted in them performing at higher levels and empowered learners to expand their grammar."

Ms Petronella Masendeke

"Fast forward to 2015, three educators from COBICERSOM School for the Deaf had the opportunity to attend Red Star training in South Africa. The implementation of the Red Star Process has positively impacted on Deaf learners' overall performance at COBICERSOM. Manuela Toboum, who was introduced to Red Star, has done extremely well. Currently, she has secured a seat in High School."

Mr Innocent Djonthe
Deaf

Scholarship

The promotion of education and training is an important activity at DeafNET Centre of Knowledge. DeafNET fully supports the idea of providing a fine, dignified and beautiful way to encourage young Deaf women in becoming the leaders of tomorrow. We believe education is the most lasting and effective way we can help young Deaf learners and their families to escape from the cycle of poverty in Africa.

"It's an honor that DeafNET has chosen to support me as Miss Deaf Swaziland. This scholarship has without questions pushed me to my utmost best and shapes me into the person I am today. I am currently working in the baking section of a big chain store in Swaziland. DeafNET's scholarship program was outstanding. Thank you to DeafNET."

Ms Nelisiwe Dlamini
Deaf

Ms Samantha Hector-Niemand from Mauritius says that the scholarship she received from DeafNET has given her the freedom to grow as a Deaf person. Also, it has allowed her the opportunity to explore her passion in Sign language training and working on projects. I am very thankful for the scholarship.

Ms Samantha Hector-Niemand
Deaf

"By awarding me a scholarship during the Zwakala event, DeafNET has opened a path for me which allows me to focus on my career. I completed my studies at NID College and currently, I am working as a beauty therapist. I hope one day I will be able to help other Deaf learner to achieve their goal."

Ms Majoni Loveness
Deaf

Deaf Beekeeping Project

The goal for this project is to encourage sustainable livelihoods in the Deaf community in Uganda by providing beekeeping skills in the agricultural sector, so that they can earn an income and become productive in the society. Currently, the total number of Deaf beekeepers are more than 35.

"I have taken up the initiative of constructing locally made bee hives which I sell to my neighbours to achieve more income", said Kasule (Deaf).

Mr Musenze (Deaf) mentioned that in 2019, Uganda National Association of the Deaf (UNAD) came up with a project aiming at offering grants to promising Deaf persons to run businesses. Six Deaf beekeepers who were selected for DeafNET's project under Jinja Deaf beekeepers were awarded a grant to expand the initiative.

Mr Kasule and Mr Musenze
Deaf

Pastry Making

This project aims are to turn lives around by seizing opportunities to take up internships and promoting sustainable development initiatives.

"Before I joined the pastry making training program, I had been working as a part-time dressmaker. I gained knowledge and skills and a licence needed to start baking from home. Currently, I am selling pastries from home. Thank you to the opportunity."

Ms Nadine Radegone
Deaf

Mr Kevin Kaundun
Deaf

Mr Kevin Kaundun. discovered pastry making at a young age, yet it was never a part of his life. "After I completed pastry making in 2019, I started to make pastries and sell them to the public. 'It was here that I learnt how much I love making cakes and makes me so happy."

Celebrating 16 Years

HIV Awareness Raising

"As a result of the HIV-Awareness conducted in the 2 Islands in the Indian Ocean, Deaf people are increasingly talking about the virus and its link to the sexual behavior of Deaf people. The Deaf organization in Mauritius has also been contacted by other HIV organizations to see how more Deaf friendly awareness can be conducted. The toolkit is an important tool that goes beyond language barriers."

Ms Irani Jankee
Deaf

Ms Woinshet Ayansa, the Chairperson of DeafNET Africa Committee mentioned that an important success of the HIV Awareness raising is that the campaign has zoom in rural areas such as Swaziland, Kenya, Rodrigues, Malawi and Uganda where Deaf people are not exposed to a visual toolkit. Also, the Deaf people who attend the awareness-raising are given DVDs and materials that also help them to better understand the pandemic.

Ms Woinshet Ayansa
